ANNUAL REPORT – 2016-2017

INTRODUCTION:

“Instead of searching a path, you have to walk then it will become a path to others”

In this regard our organization Rural Development Organization has put its first step on 1999 in social welfare promotional programmes for the socially, economically, educationally disadvantaged, vulnerable and the mass population those are struggling even now, access to their health, human rights and overcome from poverty.

“All the deserving people are let as orphaned by the God and never restricted to access to the God’s Grace; But they are let for us to ensure our service and humanity to them”

In this regard our organization RDO has been initiated to enhance all kind of developmental programmes for the deserved people in on challenging ways and means in our working areas.

BACKGROUND SUMMARY OF RDO:

“Instead to afraid of a big size of banyan tree realize the truth that it has come and grown from a very small seed”

As such our organization RDO, not a crowned big banyan tree even though it is a growing banyan nursery comes out from an event of a seed. In fact our Managing Trustee of RDO, previously hold as the post of Panchayat President of Samudram Panchayat in Thirumayam Taluk of Pudukkottai district. During her period she had met lot of problems to enhance her duties, responsibilities and even the Panchayatraj leader’s rights. The major reasons behind these problems are, she had elected as an independent person i.e, not depending any political parties and next was, she is a women leader and the most important cause was that, she belongs to minority community person. In this kind as a well equipped person she had faced many problems to enact any developmental works for the downtrodden people, women and children and to enhance any kind of the local village’s infrastructure development due to the other male, other dominated caste and political party Panchayatraj members

interaction, refused co-operation, demanding bribery for putting their every signature to pass any resolution of the developmental schemes etc.,.

Hence, she strongly believes that NGO is the right way to help the poor and service the needy. So, she has joined in RDO, it has been already initiated by Mr.M.Kulandaivelu and then she has promoted and elected as Managing Trustee as on likeminded social activist thoughts.

TARGET WORKING AREAS:

“Think globally works locally” is a well known concept especially as for our social activists. As such we think to bring out changes at global level with in the human system of life style and living behaviors. Even though, we are capable to endeavor our works in throughout India, due to financial crisis, we are enhancing our works in the following areas right now....

2. VIBHA – RDO’s CHILD EDUCATIONAL PROGRAM:

“Good personality, morality, mentality and behavior of the human being must be nurtured within the age of 5 years of them. Then not even a God or a devil could make any changes within them”.

To ensure this philosophy through by our activities our Organization RDO has enhancing the VIBHA-RDO’s educational program for the children of widows, destitute’ and most deprived rural poor women. The children between the age group of 2 to 5 years are having been utilizing our services through by this program. This program has been successfully enhancing by our organization since 2007-2008. Initially we have implement 5 remote villages of Arimalam block and later than the funding agency has done periodical evaluation and sanctioned us to establish and function the program in additional 5 nos. of remote villages. Now we are enhancing the program totally 10 villages in three blocks.

The program’s overall aim is not only provide quality early childhood education but also bring out the overall development of physical, psychological, numerical, social, language, cognitive, creativity psychomotor and nurturing good behavior, morality and social based responsibility among the children. Also we are highly concentrates on their family’s social, economical development and influencing the children’s further education, the overall local community’s development. Also, we are aims to prevent dropout, child labour and protect women & children’s basic human rights. In this regard we have enhancing the following activities.....

- **ENROLLMENT OF CHILDREN:**

In all the 10 centers, the children those are completed 2 years of age are enrolled for a minimum number of 20 per centre. Now totally 251 nos. of children enrolled in our 10 centers. Usually the enrollment has been practiced by the month of June every year, even though based on the poor parents request and need it has been enhancing overall the year.

- **PROVISION OF NUTRITIOUS FOOD:**

“Preaching of any philosophy to a hungry man is pouring water to a wasteland”

As such, before we have enhancing the educational program we have planned to provide a good, well balanced nutritious food to the children and bring them to be physically healthy. So, in all the 10 centers the enrolled children are provided with nutritious noon-meal of mixed food with locally available nutrients of vegetables, greens, pulses, dhal and boiled egg. This provision of food has been enhanced normally 6 days per week except Sundays.

Also, we are providing supplementary health mix of Milk component with Palm Sugar to these children. By which the children are procured and access to normal health status with needed immunity power.

- **EDUCATIONAL PROGRAMME:**

“Education without build morality and good behavior is totally a failure system”

As such, we have enhancing the early childhood education among the children in on play way method. The children are motivated to observe the lessons taught and their listening, observing, exposing capacities are also ensured pleasurablely. The methods we have enhancing are puzzles arrangements, colors, long & short sticks identification, pictures, stories, small rhymes, educating Tamil and English alphabets, small numerical mathematics,

science based information, social awareness, plays, games, integrity without caste, creed and gender discriminations etc., to build their mind power for pleasurable learning, exposing as per their age. It also has been enhancing through by singing songs, dancing, small level questions and answers sessions and storytelling etc.,

- **STORYTELLING SESSION OF EDUCATION:**

Stories are not only educating the children to mould good behavior but also they have build morality, mutual assistance building, learning capacity, pleasure of understanding and motivate to learn the history and etc,. In this kind, we have scheduled one full day per week for storytelling class

and once in a month the children have educated moral story movies (Film shows) through by LCD projector. By this, the children are learning moral behavior highly pleasurable and enthusiastically.

- **HEALTH CHECK-UP CAMPS:**

To ensure all the children to be healthy both in physical and psychological we have to maintain their growth to be normal and bring out them from malnourishment. So, we

have arranged this health check-up camp program once in 3 months in all of our 10 centers. During this camp a private pediatrician doctor along with PHC's nursing persons were participated and check-up the health status and all the children's weight, height are measured and analyzed whether their growth is normal according to their age or not.

Also, the malnourished children are identified and provided special attention and care and provided needed treatment and care for seasonal infections and diseases for the needed children.

- **PARENTS-TEACHERS ASSOCIATION MEETINGS:**

“All the programmes should achieve its success only it will access to the beneficiary communities participation”

In this regard to gain the pleasurable participation of the beneficiary community we have established the Parents-Teachers Association – PTA, in all the working 10 villages. As such the PTA meetings had been conducted once in 3 months. During these meetings, the parents are informed about the children’s development in studies, their health status, social performance, acquired individual talents, specialized skills improvement etc., as well as the parents are motivated to provide special attention on their children’s study situation, provision of nutrition with locally available nutrient grains, childcare and for their further higher studies, monitoring of the children’s good behavior and morality, sociality within the community at their homes.

- **SPORTS DAY:**

Physical education always plays a vital role. As such our organization, never forget to celebrate Sports day every year. As regular this year also, we had conducted lots of events and competitions and issued the prizes and compliments to the winners. Also, we have issued the consolation prizes to all participants to motivate them. All children in our centers are actively participated in sports and expressed their talents. Their parents themselves were very happy about their children’s skills. Every one really enjoyed and conveyed their regards to us, because of this kind of events only;

they are getting the opportunity to realize their children's unique talents. We would also be proud enough, since this kind of event always develops the children's extracurricular activities.

- **TEACHERS REFRESHER TRAININGS:**

“Human resource development has been achieved only through by proper education and trainings”.

As such, to ensure the Teacher's performance to be more progressive in child education, childcare, child psychology and equip their teaching skills, methodology, storytelling with action, observing the children's behavior, mould the children in to moral ways our organization had provided the Teacher's refresher training for two days. This training had conducted during the month of June by the Project Director Mr.M.Kulandaivelu and specialized guest lecturers of Mrs.Kilona, Mrs.Nadhiya and Dr.Vijikumar were participated and provided the trainings to all 10 Teachers and 2 Co-Ordinators and the care takers. The teachers are educated to prepare new educational, play materials, positive stories etc.,

- **STAFF REVIEW MEETINGS:**

To ensure proper monitoring and evaluation of the program's progress, the Project Director has convened the staff review meeting every month. During the meeting the Project Director has verify all the records, registers, the teacher's daily work reports. Also he has provided training to the staff to equip their teaching skills and the methodology. And he would interact between the staff to analyze their difficulties and problems. And then he will provide proper solution, proper counseling and guidance etc.,

In these meetings the teacher's are guided to prepare their advance teaching program-ATP for the next month.

- **PROJECT CO-ORDINATOR'S VISIT:**

The Project Coordinators should have visited each centers minimum 2 to 3 times per week to ensure proper monitoring of the centers. During the time of visit the

Coordinators would verify all the records, attendance, stock register of the food products and testing/tasting the prepared nutrition food etc.,. Also they have interact with the children and analyze their learning, exposing capacities, their physical development, their interest in plays, games etc.,. Then they have interacted with the teachers and Ayahs (Helpers). And then they will provide needed support services and guidance.

- **PROJECT DIRECTOR'S VISIT:**

The Project Director has visited each centre at least 3 times per month. During the time of his surprise visit he has interact with the children and analyze their individual skill development, their improved knowledge, learning and exposing skills, their physical growth etc.,. Also, he will interact with the teachers and Ayahs and given special attention towards their problems and difficulties if any. If they are having any issues in their works and he would give proper counseling and guidance to rectify the problems.

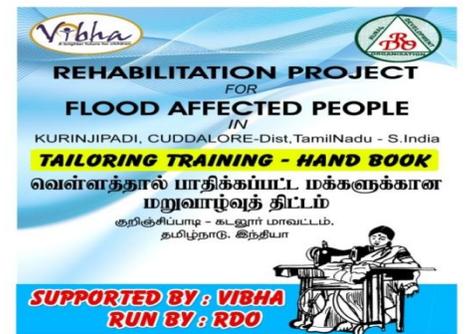

Also he has meet the local Panchayatraj, community leaders, the local SHG's women and gaining their support for our centre's successful functioning. Also he has visit and met the local Government primary school Head Master, Teachers and enquired about our left out and enrolled in the primary schools children's improved knowledge, behavior conduct etc.,.

Through by this project Coordinator's regular and Project Director's surprise visits the VIBHA-RDO's educational program has been enhancing more successfully since 2007-2008 in our working areas.

To encourage and support our VIBHA-RDO's educational program Madam Scotlin the representative of VIBHA from Chennai has came and visited all the 10 centers during October last week and highly appreciate our works and given valuable suggestions for more successful implementation of this project.

3. VIBHA – RDO's SKILL TRAINING PROGRAMME:

“If you want to eradicate poverty, first you have to improve the poor's livelihood sources by proper employable skill trainings”

In this regard our organization has established skill training centre in tailoring for the flood affected family's women and young girls at Kurinjipadi in Cuddalore district. During the time of heavy rainfall and flood happened during November & December 2015 most of the people in this Kurinjipadi Taluk had lost most of their livelihood sources and at the time of RDO's flood relief work the women and girls are requested us to provide some skill trainings access to their life.

In this connection VIBHA has granted this program and we have initiated and functioning this training since June 2016. This program has trained totally 170 nos. of young girls and women. Average 60 nos. of beneficiaries (Trainees) has given the training per batch for 3 months duration and totally 3 batches has completed.

In fact we have planned to provide 50 nos. of trainees per batch but instead of April we have sanctioned and initiated the training only by the month of June. So, to compensate the working days we are increased 10 nos. of trainees per batch.

The trainees are provided training in cutting, stitching, embroidery, jaari works, fashion making and designing etc,. During the month of June 2016 Madam Geetha from GATS, USA has visited our centre and distributed the tool kit to the first batch beneficiaries. Madam Sudha the HRD Manager of TRIUMPH, a multinational corporate garment Export Company near Chennai has visited our centre and interact with our training beneficiaries and assured that their company is always ready to provide further up-gradation training and employment to the women and girls those are having completed our training course.

During this first batch training program Mrs.Ruba, a very poor young widow has selected and provided a free tailoring machine by our RDO's contribution.

Madam Scotlin the VIBHA's representative has visited the centre and handed over the free tailoring machine to the poor young widow Mrs.Ruba.

SUCCESS:

- 5 nos. of our trained women and girls had jointly established a tailoring unit named “AnanthaVinayagar”, at SKS Nagar, Kurinjipadi and enhancing the income generation program.
- To motivate and encourage their joint entrepreneurship, RDO has provided embroidery machine on free of cost. Above 95% of the women and girls those are completed the training are employed in various sectors of private tailoring units and some of other are involved and established their own individual units in their own villages and gained a respectable livelihood sources.
- 18 Nos. of women and girls are get loan and purchase of tailoring machine for their own income generation activities.

The trained and employed women and girls are conveying their heartiest thanks to VIBHA for the provision of the training and regained their life it had last at flood, the beneficiaries are purely selected from the flood affected area and families.

4. RESIDENTIAL SPECIAL TRAINING CENTRE PROGRAMME:

“Education, in its broadest sense, is the means of this social continuity of life”

In this regard, our organization is mostly concern on children's education to rear them to become as Iron pillars of the future society. But in nature all the children in our society are not having equal opportunity to access their even one of the most important rights in education. In this situation, our organization RDO has enhanced the program to provide **Residential Special Training School** for the children of deprived, poor, destitute’ and widows’ through Sarva Shiksha Abhiyan under **The Ministry of Human Resource Development, Govt. of India.**

So, we have been utilizing this precious program as a step

up hold pillar to gain the fruits of these hopeless children's life to attain a brighter future not only in education, but also to develop their character to be respectable, humanitarian to be patron, sociality to be integrated, responsibility towards the world communities' expectation etc., This program has been enhancing by our organization since 2009 –2010. Every year on an average we are sculpturing 40 to 50 children. On the whole, we have educated and main streamed about 300 children so far. And, The Ministry of Social Defense has approved our centre and sanctioned the project confirmation for extending next five years up to 2021.

During this reporting period 18 no's of boys and 16 no's of girl children between the age groups of 6 to 14 years are accommodated and utilizing the benefits of education, nutritious food, health care, small hazardless skill trainings and other amenities. All the beneficiary children are never enrolled and dropouts and some are liberated from child labours, rag picking etc, through, by our proper care and well equipped teaching methodology the children's learning and exposing skills, further study situation has been highly improved.

Food is always playing a vital role in our life. Healthy and nutritious food provides the children good physic and supports the mind as such children in our center are getting healthy food.

Apart from education, children in our center are encouraged and taught by skill trainings and yoga to develop their skills, since Extracurricular activities and skill Trainings are provides the children the best alternate tool to success in their lives.

Physical Education and play gives the children pleasure and change of mind. Hence, we should educate the children everyday to spend two to three hours for physical education. And we would conduct sports day every year and award the winners.

Education along with good environment always makes the good impacts with the children, especially in Residential Schools. As such our organization never forgets to make such kind of environment. In regards to that we have took

our students (6– 8 th Standard) to excursion to the historical places in Pudukkottai District. It gives them the change of mind and the children were enjoyed the tour.

- **HOME MANAGEMENT COMMITTEE:**

To run the Residential School in the successful and fruitful ways and means the HMC- Home Management Committee plays a vital role, since HMC would help to analyze the needs and deficiency of the school, problems and to find the resolutions & resources for that. Hence, we have formed the HMC in our RSTC School at Arimalam under the guidance of District Child Protection Unit, Pudukkottai. This HMC consists of Ten valuable Members of DCPO, CWC Member, JJB Member, Doctor, SSA Supervisor, RDO's Project Director, Teacher, Parents, Skill Trainer and SPLs.

As a first step ahead we had conducted two HMC Meetings in the months of November'16 and March'17 in our RSTC at Arimalam. In that meeting we had analyzed some problems and made the resolutions to solve it and as well implemented too.

- **CHILDREN'S PARLIAMENT:**

We have formed the Children's Parliament in our Residential School to develop their Leadership Skills and to make them to be socio responsive person in future. As such, we had selected the suitable children for the posts Prime Minister, Health Minister, Food Minister, Education Minister and etc., for all these postings the children only nominated and selected the right person for right posting to act for them.

They would convened once in three months and discuss their issues & needs and inform to Home Management Committee to take the necessary action against that. As this enthusiastic & energetic and effective first Children's Parliament was held on **25.03.17** in front of Child Protection Officer Mr.Manuvendan.

- **PTA MEETINGS:**

Once in 3 months we have convened the parents and teachers meetings. During the time we have exposed them about their children's development in education health and their moral behavior, improved social responsibility etc,. As such, we have

inquired about the parents problems in their family, in the community and monitor their functioning in their SHG's, analyze their needs of skill trainings and their income generational programmes. By this they have been motivated to support their children's further higher studies without financial burdens.

The RSTC- School has been functioning more progressively and the children who have completed 14 years of age and left from our centre are enrolled in 9th standard in the mainstream of education at nearest high or higher secondary schools and regularly monitored by us not to become as dropouts. Some of the children were enrolled in Government polytechnics based on their wishes and requests.

Such as the never enrolled, the dropouts and the liberated child laborers are having been undertaken by us and ensured to lead a peaceful life in the future.

5. THE HUNGER PROJECT (THP):

This program called as “**Strengthening Women Empowerment through Electoral Process – SWEEP**”. Our organization RDO has sanctioned to enhancing this project in Thiruppathur and Sakkottai blocks of Sivagangai district in Tamilnadu. Through by this we have covered 66 Panchayats - 40 Panchayats in Thiruppathur blocks and 26 Panchayats in Sakkottai blocks. This project's major goal is to motivate the women to participate in the Panchayatraj elections to contest as candidates for Panchayat presidents and Ward members.

We have initiated the program by the month of May 2016 and enhanced up to December 2016 only. Because the Government has postponed the Panchayatraj elections without announcing later date. Due to this problem the donor agency THP has with draw the programmes funding from overall Tamilnadu. But, we didn't withdraw our services, we are still servicing in our blocks with the support of local volunteers and own contribution.

Even though, the funding agency given us the short time period we have enhanced lot of programmes, those are as follows.....

- **AWARENESS CREATION PROGRAMME-VILLAGE MEETINGS:**

Our THP Team has conducted the 41 "SWEEP - Village level Meetings" in our service blocks and also we had conducted Rallies along with the village meetings. We have conducted all these programmes very successfully. There were more people were participated. In that more women & few men are participated. As well as Panchayat president, vice president, EWRs, WMs are participated in most of the SWEEP - Village level Meetings.

In every meeting we had strongly insisted about our project SWEEP. As well as we clearly explain about women participation in elections and usage of it. Also we clearly mentioned the benefits of women participation and mainly made awareness about 50% of women's reservation and 50% of common seats in Panchayatraj elections. So, on this basis women can compete 100% on this election. We have conducted this meetings very interactively and friendly. So that all the participants were clearly aware about our project THP- SWEEP.

- **POTENTIAL LEADERSHIP WORKSHOP:**

To ensure 100% women's contesting, we have identified hundreds of women they came forward to contest in the election and to equip and motivate them we have conducted this potential leadership workshop. This programme has convened at "Keelasivalpatti, Thiruppathur, Sakkottai, Karaikudi and Kandavarayanpatty villages.

In this workshops the participants are educated on how to file nomination forms how to undertake canvassing campaign among the public to collect their votes, also they are educated on Panchayatraj laws, and after election how they have to participate in the

Panchayatraj meetings, passing resolution etc, and never allowed to act their husband or any other of their family's male members. And 100% exposed them to prevent from provide money or in kind of gifts for vote etc.,

- **PRESS MEET:**

One of this SWEEP program on September 3rd we have convened a press meet at Pillaiyarpatti, near Karaikudi. In this meeting the local press persons and the existing Panchayat presidents and ward members were participated. They have exposed about the SWEEP program and the importance of women's contest in the elections and motivate the participants to encourage the women and ensure the goal of 100% women in all the seats except the reserved areas of 33% of seats.

- **TOLL FREE NUMBER PUBLICITY:**

The donor agency THP – has announced a Toll free number of 09266616777 to provide further more information to the public and the election contesting candidates, the voters etc, regarding the Panchayatraj election. Through this, if they given the missed call to this number, the general public would get the auto call and receive the complete information about the Panchayatraj election, Norms, Roles and Responsibilities and how to Nominate. So, we have undertake the numbers publicity in the all places of our service blocks and among the MGNREGS workers created the awareness through by hand bills, Pamphlets and etc.

- **WALL WRITING:**

We have enhanced the wall writings in all the target 66 Panchayats includes the hamlets about the Panchayat election to create the awareness between the people. In very short period, we have done this activity in all 66 Panchayats and send the report with evidence to our donor; they are really happy about instant job and appreciated our work. This

wall writing event given us the good impacts and supported well to reach our goal.

- **CULTURAL TEAM WITH MOBILE VAN CAMPAIGN:**

We have established a cultural team consist traditional programmers. Through by them we had set a mobile van and conducted the cultural programmes in all the 66 Panchayats includes various hamlet villages to create awareness among the public especially on women's participation and ensure 100% women's contesting in the election out of the reserved seats of 33% for women.

general crowded areas etc.,

The cultural team has prepared a script and conducted street theatre programmes and prepared awareness creation songs exposing with dancing and composed music to attract and educate the people. The mobile van awareness campaign has conducted the programmes at the places there the public are convened mass level such as, bus stands, weekly markets and

- **OUTCOMES:**

Through by our effective implementation process other than the reserved places of 33% for women 40% of women came forward to contest for the post of Panchayat President in common seats and 39% of women are came forwarded to contest for the post of Ward Members in common seats apart from women reservations.

In this situation the Government of Tamilnadu declared and postponed the election without announcing the election date. Even though as an enthusiastic social welfare and women development organization we are keeping communication with the people of our working area even though the donor agency THP with draw its support and we are still able to enhance the SWEEP program because the staff

personnel recruited for this program are well equipped and trained in the particular program.

Whenever the election will have to be announced and conducted by the Government. The 40% of Panchayat Presidents and 39% of ward members contesting rate of women in common seats will never reduced, but there might be lot of chances to increase.

So, we would achieve 100% women's empowerment if we get further support from any other sources.

6. NABARD'S ONE DAY AWARENESS TRAINING PROGRAMME:

During this reporting period we have sanctioned 2 one day training programmes by the AGM of NABARD, Pudukkottai for awareness generation to the SHG's women of Arimalam block.

In this regard we have convened the SHGs women and conducted the general awareness trainings on 1st November at Arimalam and 3rd November at Sandaipettai. In this program 38 no's of SHGs women and 30 no's of women had participated respectively in the trainings.

The AGM of NABARD, Pudukkottai Mr. SomaSundaram has given the training along with us. In this training the SHGs women are educated on the importance of SHG, need of regular small savings, internal credit and recovery management, methods of functioning the SHGs, book keeping, bank accounts management, public relation, improving leadership quality, need of women's entrepreneurship and income generation. Also, the participant women are educated on general health, personal hygiene, child care, awareness on need of child rights protection, their education and the ill effects of child labour, child marriage, child abuse etc, are had been exposed to the participant SHGs women.

- **WORLD WOMEN'S DAY CELEBRATION:**

“Women are the Eyes of the Country” as this quote says as a women headed organization, who is working hard for women empowerment never forget to respect and appreciate the women. As such we have celebrated women’s day on March 8th at Arimalam under the Presidentship of Mr.Mariyappan, Ex.Town Panchayat President in front of our Managing Trustee Mrs.K.Susila. All our Staff and SHGs Members and local volunteer women were participated. We have conducted so many events and awarded the winners. And in this special occasion, our Managing Trustee has given the special speech about Violence against women- Sexual abuse and importance of Girl’s education. And one of our Staff Ms.Kulandaiammal has given the brief speech about Child Care & Protection.

CONCLUSION:

“Our Prime Purpose in this life is to help others; always be willing to lend a helping hand to others; Help the Weak, it will make you strong”.

Such as our organization RDO has enhanced a lot of programmes to empower the downtrodden poor in our working areas. All the programmes are not only welfare oriented but also they have been measurable and result oriented.

To enhance these programmes to be more successful during this reporting period we have gained numerous support from the donor agencies, Government departments, our management committee members, the public, the beneficiary community and especially our team of staff personnel, volunteers, etc, we hope, in the forth coming year will be much glistering and glorious period to our organization to enhance more programmes for the poor people. We are aims to render our services much better and wider.
